

# Multifunctional Quick Installation Type Tunnels

Weifang Wilda Machinery Co.,Ltd.

Round Steel Pipe Type

Elliptical Steel Pipe Type

### Model / Dimensions:

WD1109153H: 30'WX14'HX36'L - 9144Wx4267.2Hx10972.8L(mm)

WD1469153H: 30'WX14'HX48'L - 9144Wx4267.2Hx14630.4L(mm)

WD1839153H: 30'WX14'HX60'L - 9144Wx4267.2Hx18288.0L(mm)

WD2209153H: 30'WX14'HX72'L - 9144Wx4267.2Hx21945.6L(mm)

WD2909153H: 30'WX14'HX96'L - 9144Wx4267.2Hx29260.8L(mm)

### Features:

1. **Building block structure:** Easy for installation, disassembling, and removing.

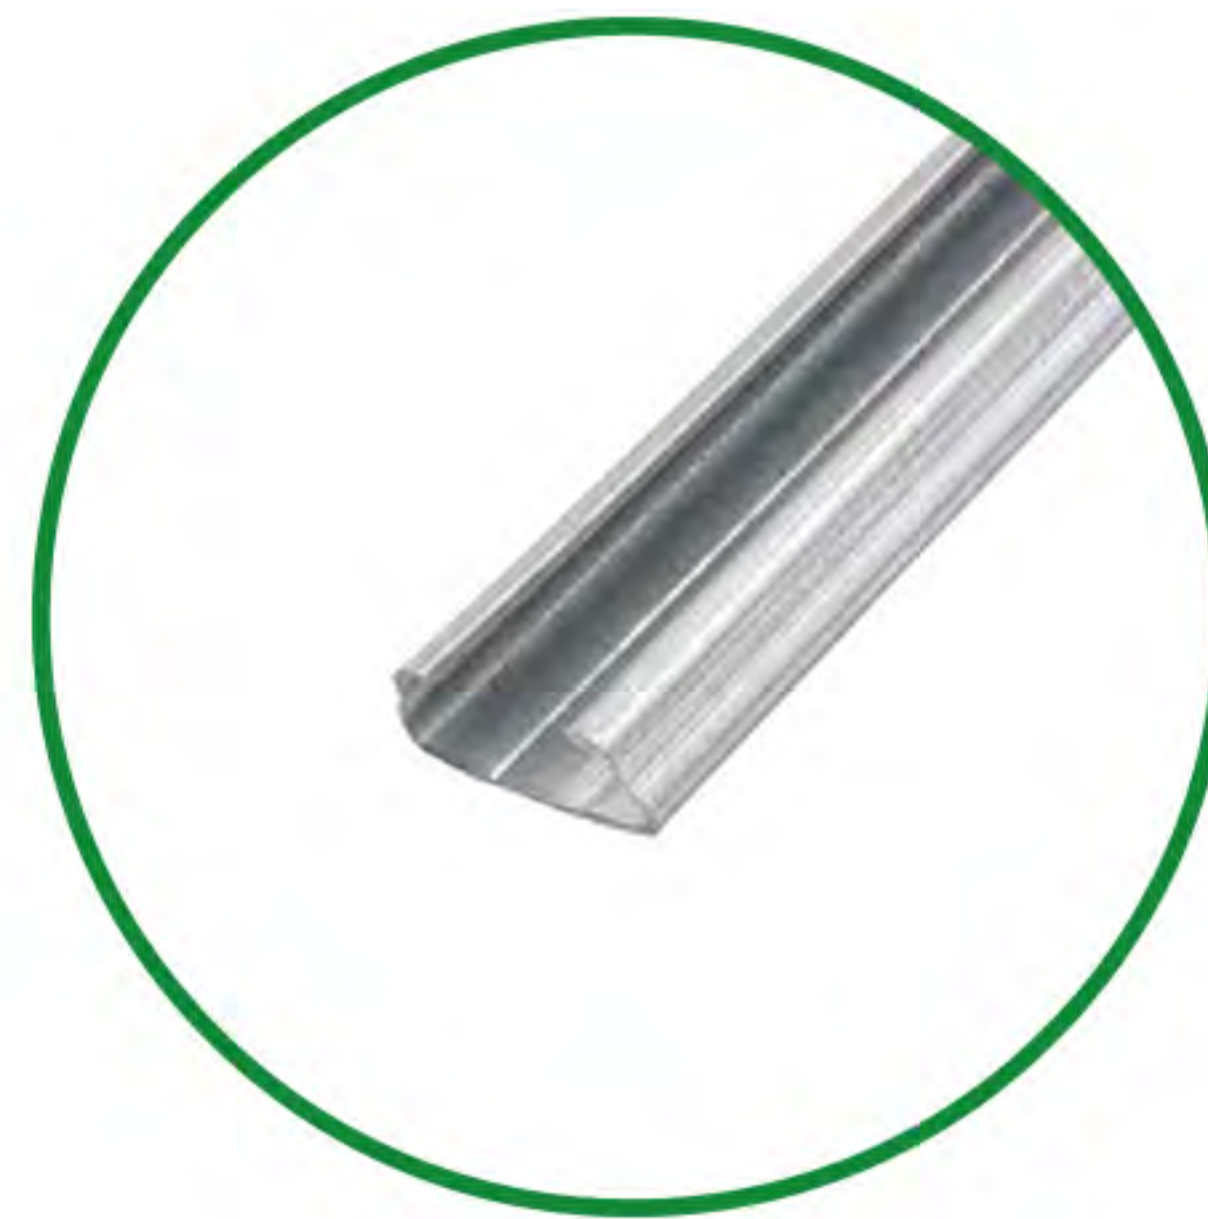

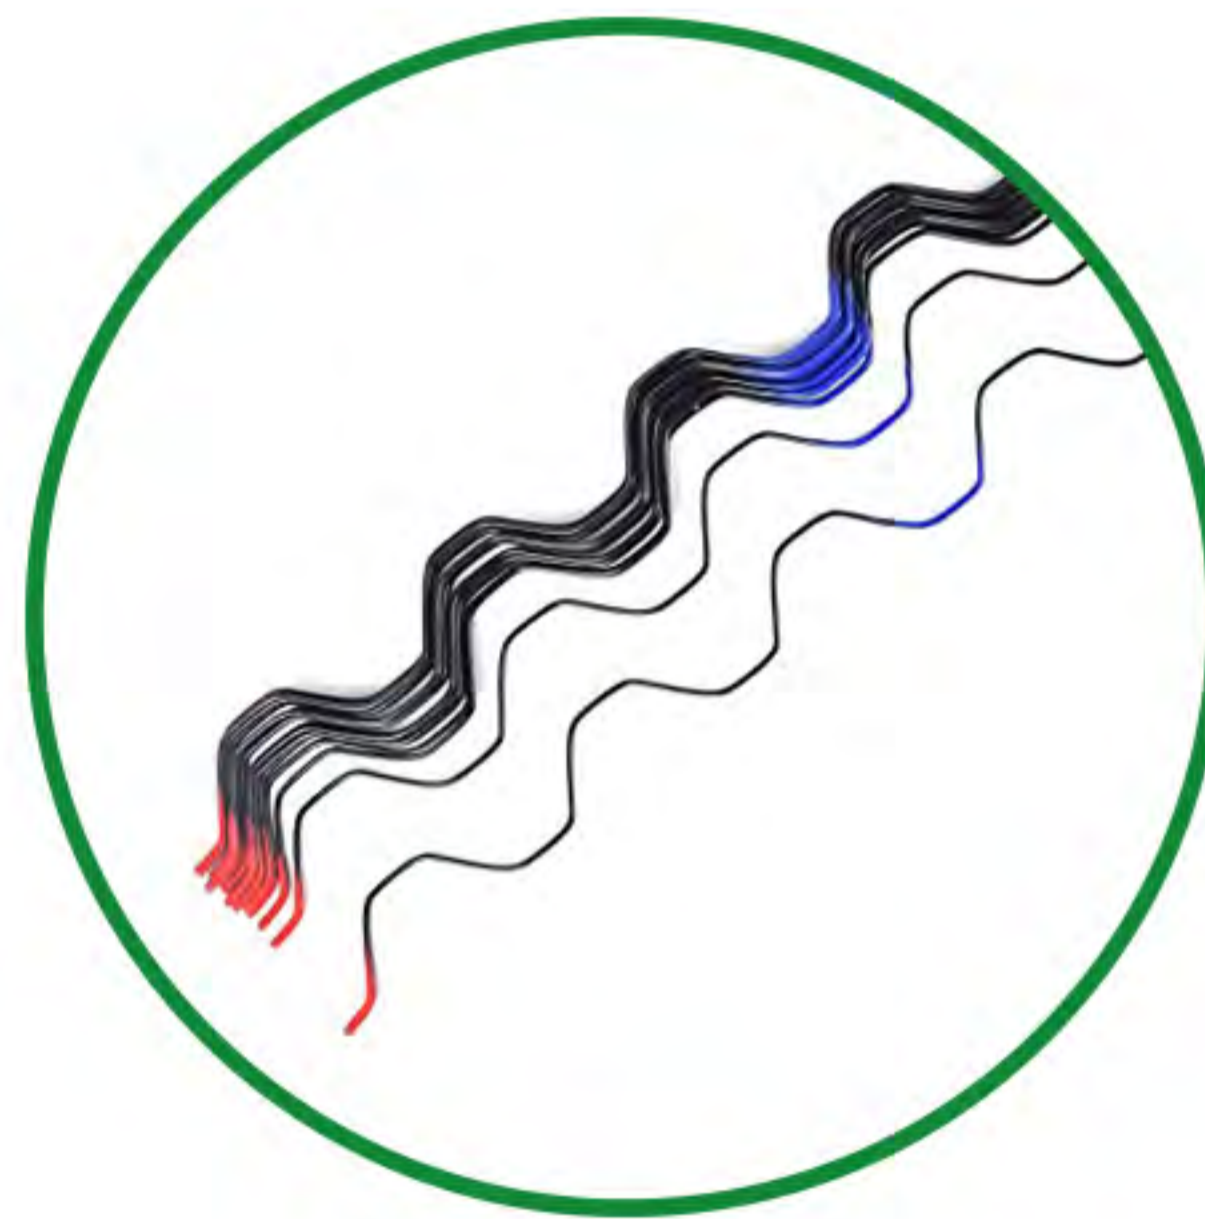

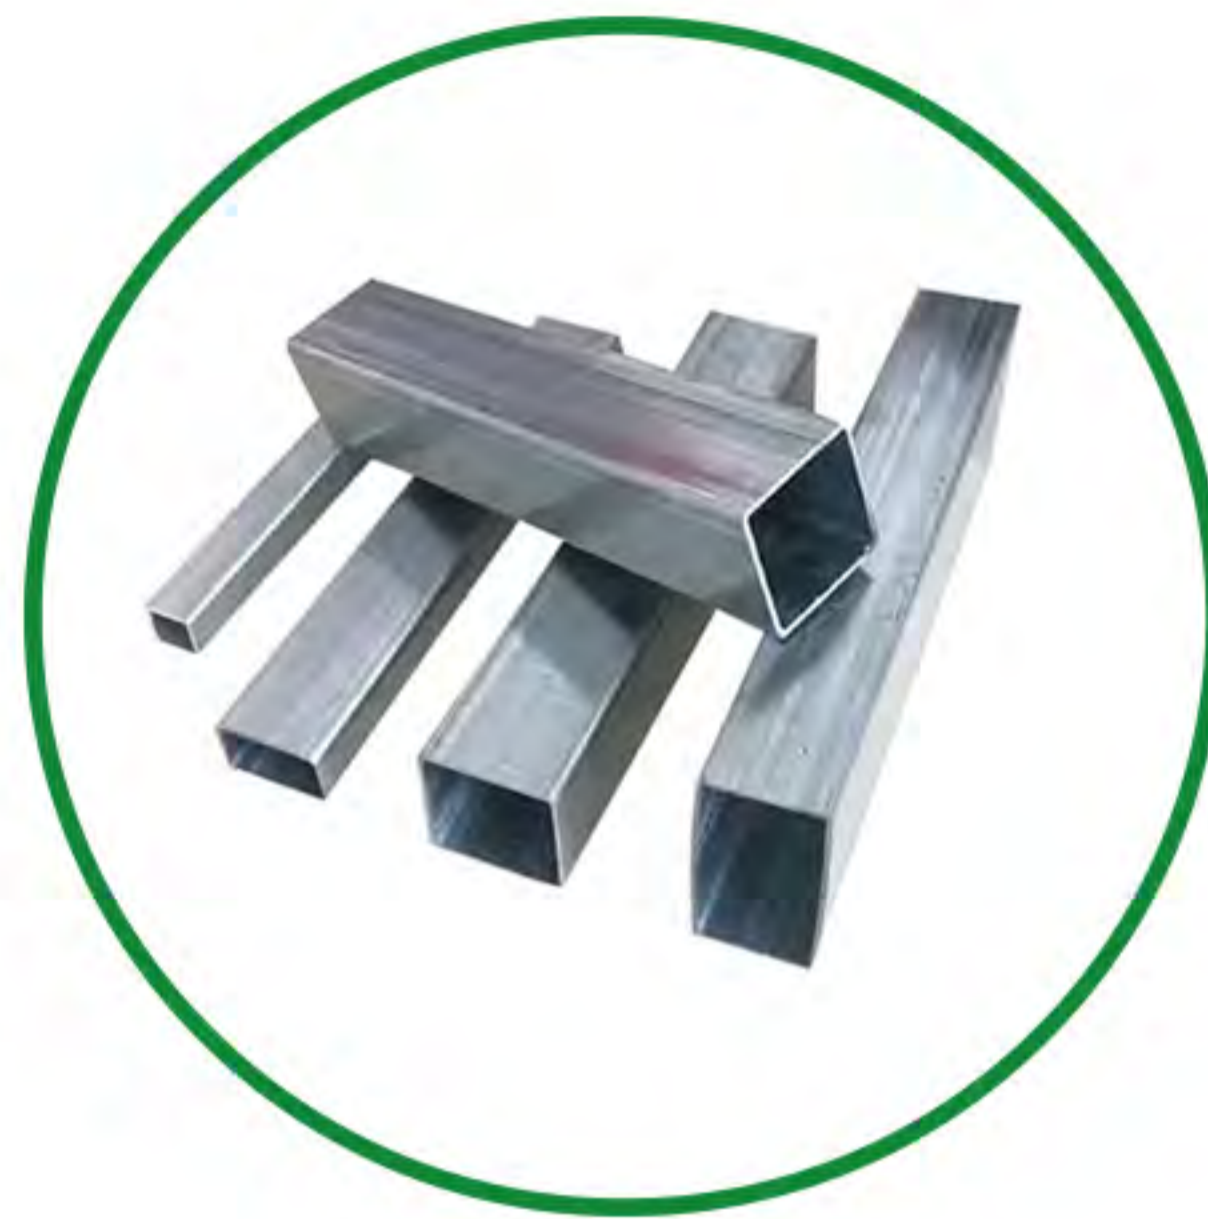

2. **Compact packaging:** Easy for transportation, and storage.

(Depending on the different lengths of tunnels, one or two metal cages with dimensions of 2.2m L x 1.1m W x 1.1m H sizes are used for packaging, suitable for transportation and storage by sea, truck and railway. )

3. **Multifunction:** It's can be used for planting vegetables, gardening, Poultry farming breeding, livestock breeding, Warehouses on the site of farms, factories and family yards, warehouses on construction sites, emergency shelters, small sports and leisure places, etc. by changing the structure and material of covers, surrounding areas and doors.

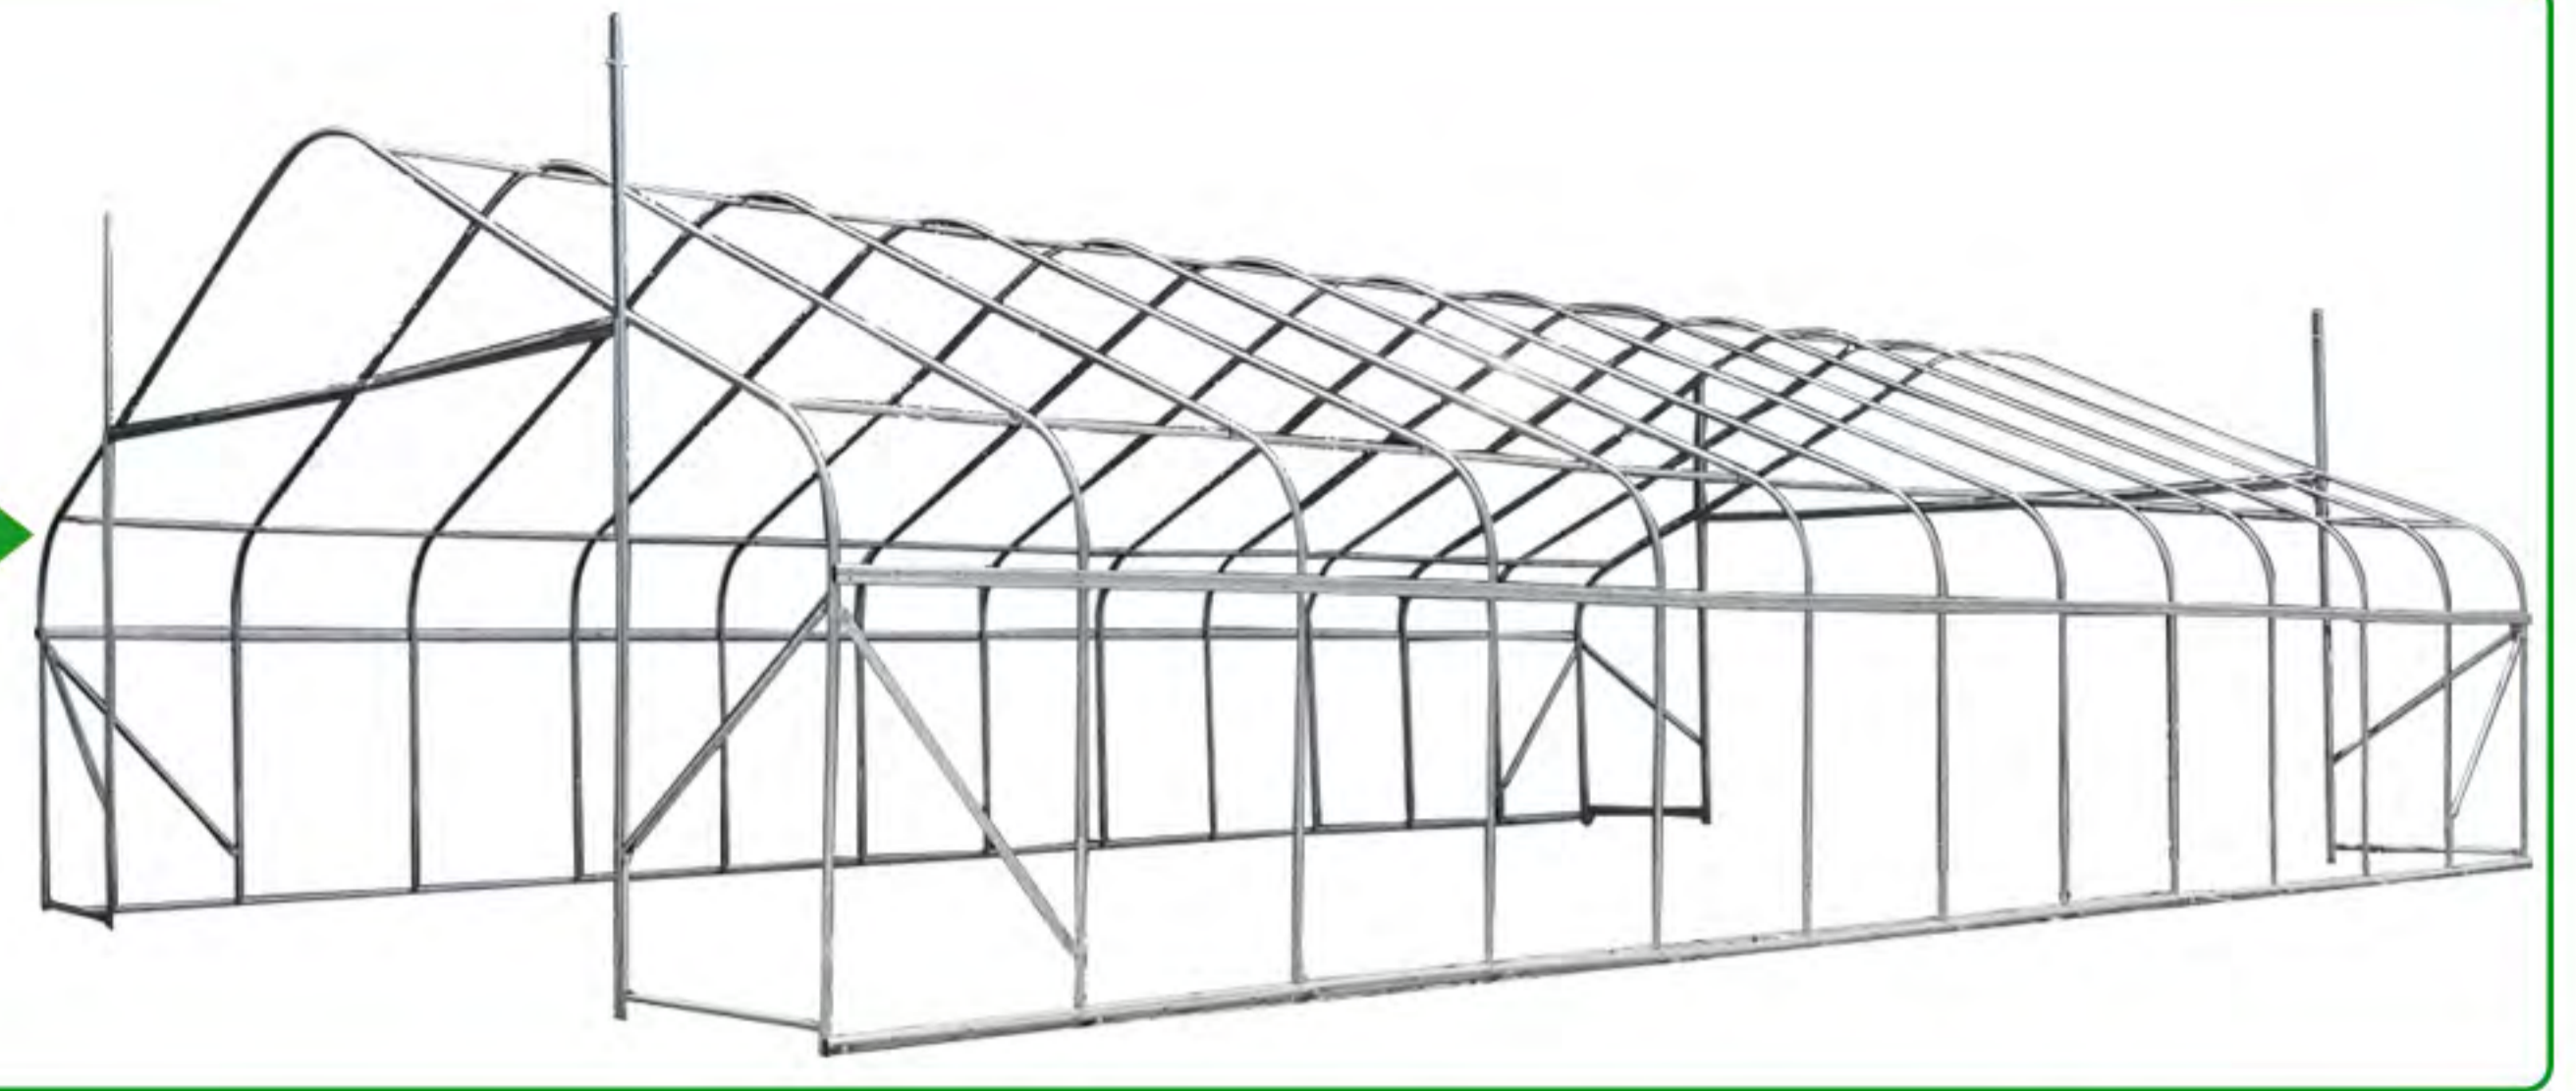

4. **Rafters:** We have round steel pipe rafters and elliptical steel pipe rafters for customers to choose from.

1

Galvanized steel frame, corrosion resistance. Building block structure and easy to install.

2

Use accessories connect without welding

3

Covering materials include PO film, PEP film, HDPE woven plastic film, anti-insect net, shade cloth, etc.

4

Effectively prevent natural disasters and increase output.

01

We have high-precision steel pipe production lines that can produce galvanized and non-galvanized round pipes, square pipes, elliptical pipes and irregular pipes according to customer's requirements.

02

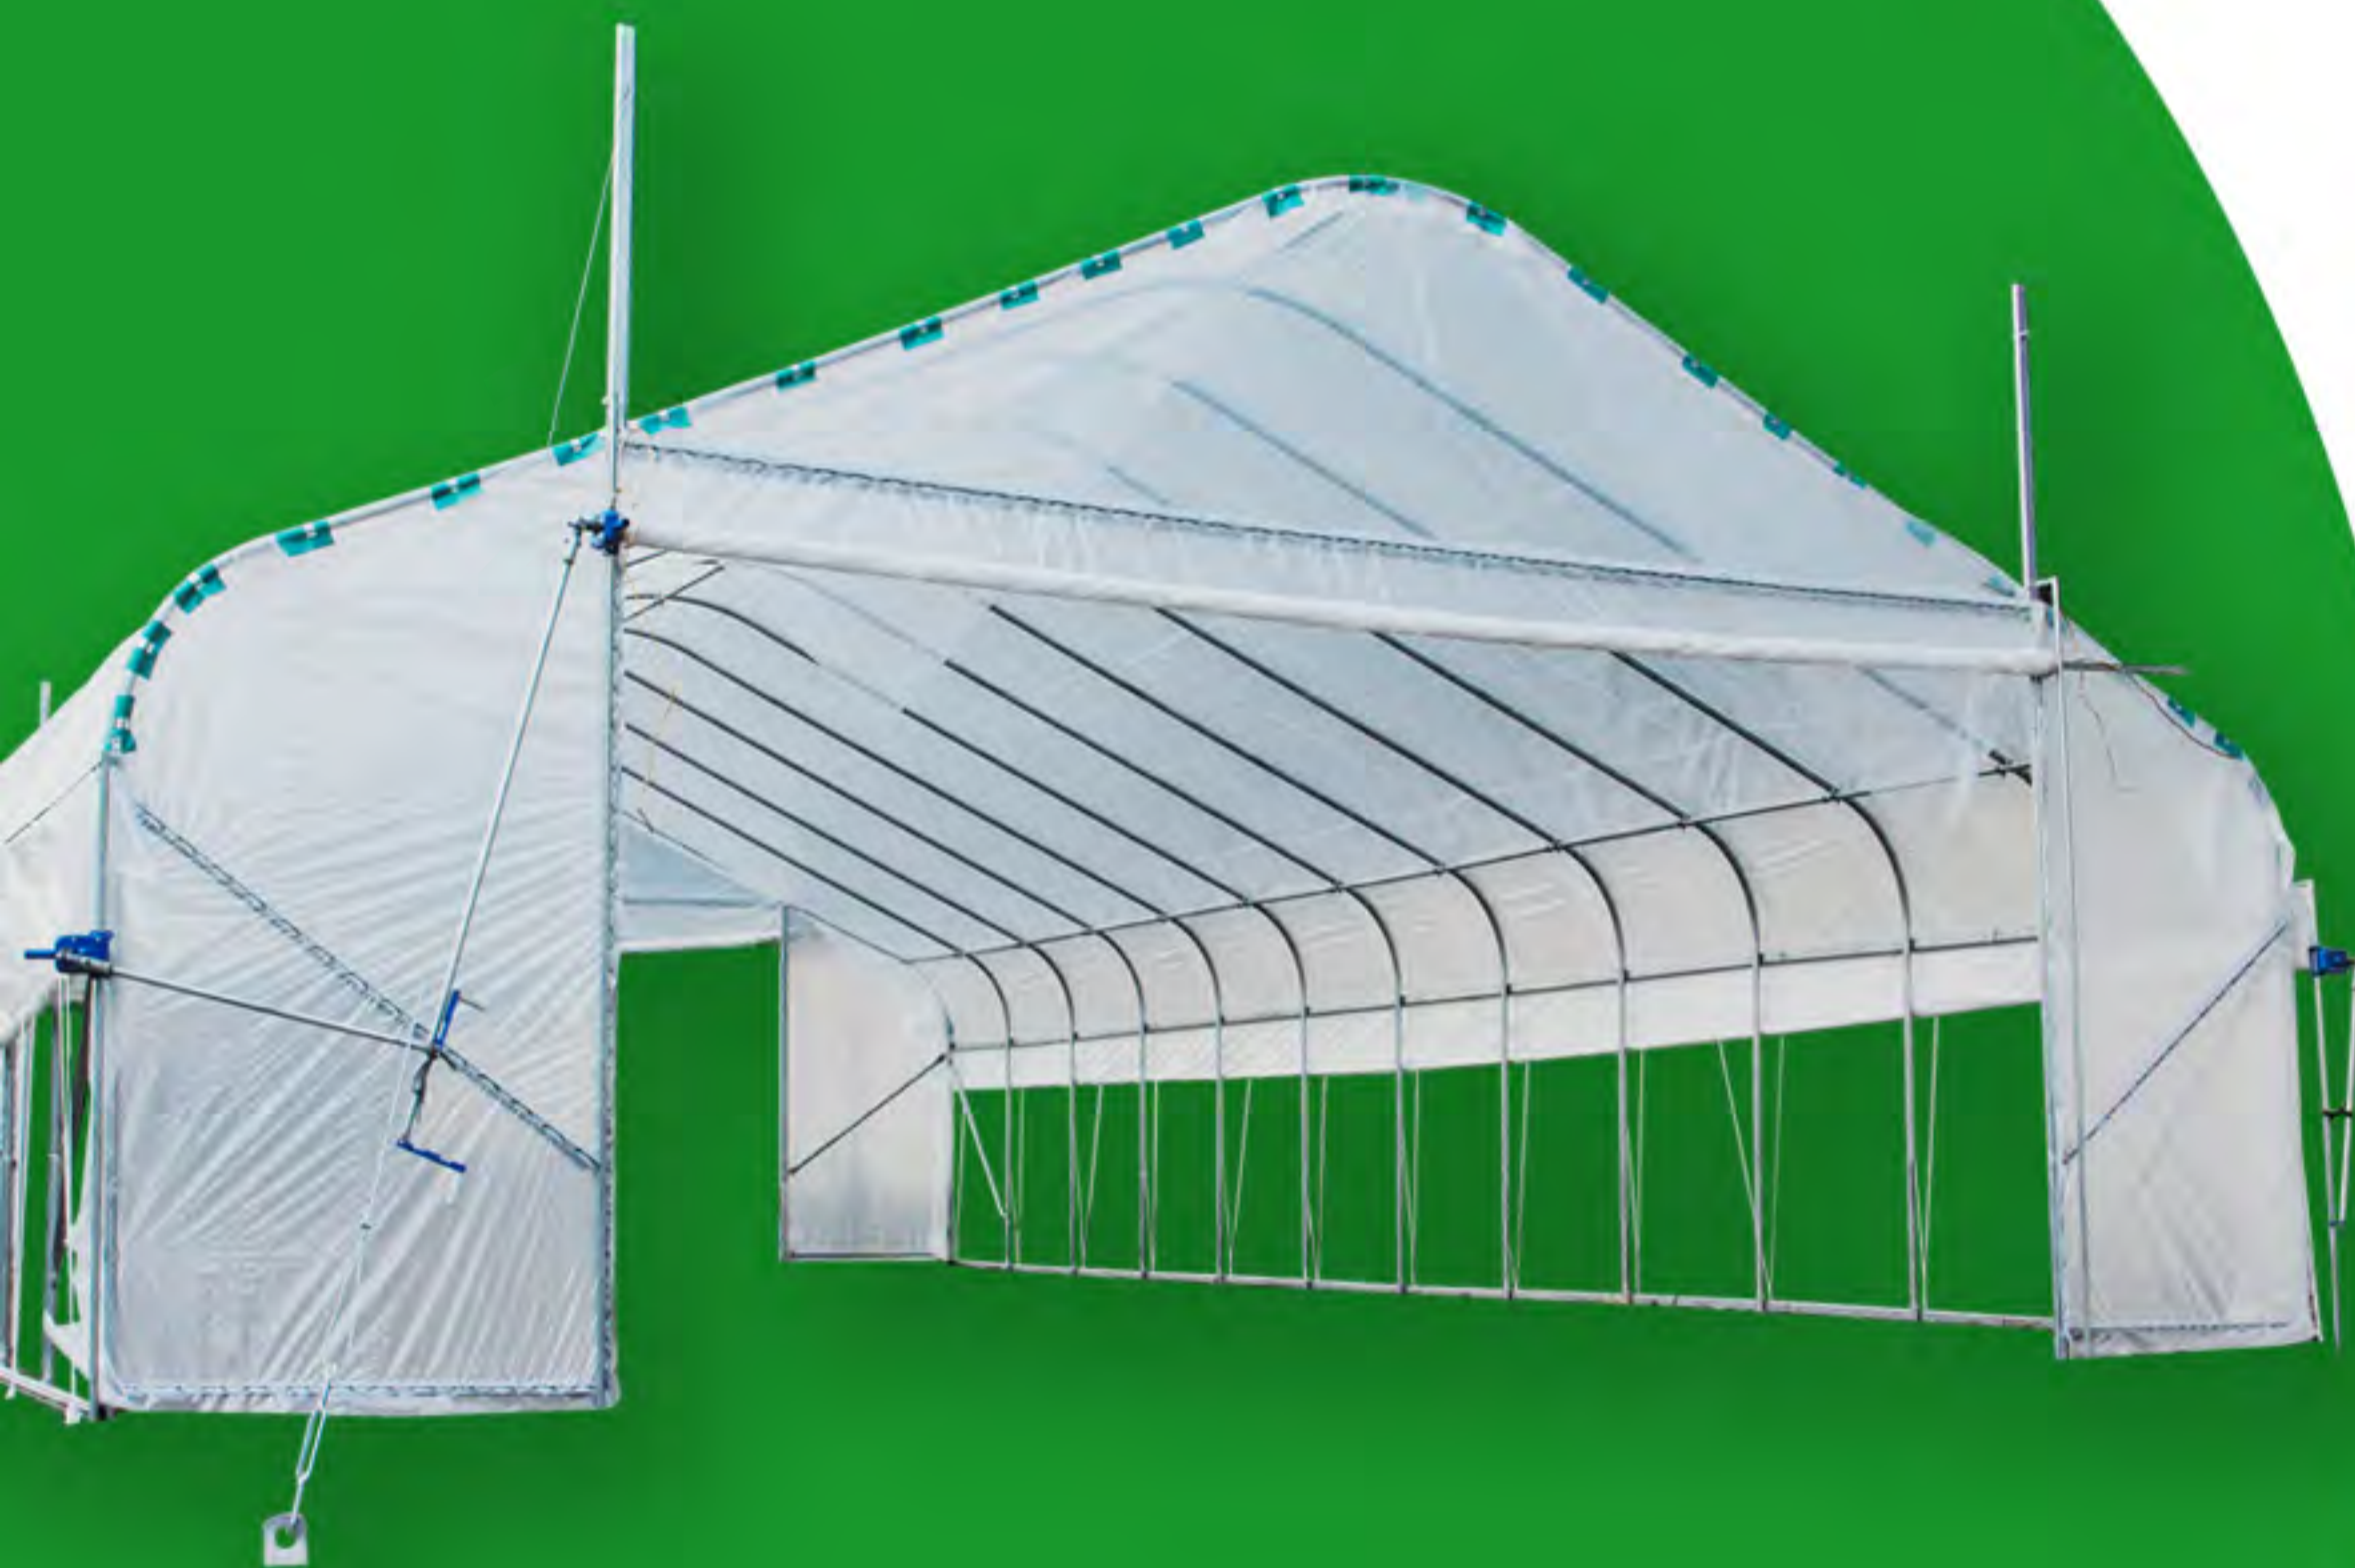

Design, production, transportation and after-sales parts supply, one-stop service.

03

We have an excellent design team, a highly skilled technician team and a professional quality control, packaging and transportation team to ensure that each order is delivered to customers on time and according to quality requirements.

04

We have sheet metal processing workshops, pipe processing workshops, machine processing workshops, welding workshop and surface treatment workshops, equipped with advanced manufacturing machinery and equipment can meet the production of various orders from customers.
